

Personal Information Manager

There are 3 simple types of information we want to store and 3 stages of use for that storage

1. Address and Contact details
2. calendar and appointment details
3. Notes on meetings/contact/touch

1. simple storage
2. access anywhere
3. intelligent processing

address - vCard/hCard <http://en.wikipedia.org/wiki/VCard>

calendar - <http://en.wikipedia.org/wiki/ICalendar> iCal or iCalendar

Notes - text file
